

MILLWORK 360'S STANDARDS OF EXCELLENCE

At Millwork 360, our mission is simple. We strive to be the most dependable source for the highest quality products with the utmost accuracy, and provide on-time delivery with the shortest lead times in the industry. With this mission in mind, we uphold the following standards to produce bold, beautiful and durable products with industry-leading customer service:

SERVICE

When you work with Millwork 360, you gain a partner you can depend on. Our team is always available to ensure your questions are answered, your deliveries are on time, and your products are to your satisfaction – guaranteed.

FACILITY

Our state-of-the-art computerized rough mill is a one-of-a-kind here in the Southeastern United States. In addition to cutting-edge machinery, modern material handling, and conveying systems, we have leading optimization software and defect scanner technology to attain maximum high-quality material yield with minimal waste. The benefit for our customers? Significant cost savings due to reduced manufacturing costs and best use of raw materials.

INVENTORY

Millwork 360 inventories a large amount of lumber, which consists of thousands of feet of the finest quality hardwood and softwood boards available on the market today. As a result, we are able to expedite most orders and ensure a degree of superior quality in all products we create. You can rest assured that you will receive expertly crafted products with the shortest lead times in the industry.

HAVE A CUSTOM MILLWORK PROJECT IN MIND?
